

## WHAT WE DO

Manitoba Karting Association (MKA) is based in Gimli and runs 10 races per year from May to September. MKA offers senior and junior classes and welcomes spectators on test and race days.

Events run every other weekend with Saturday designated for Testing (Practice) and Sunday being Race Day, rain or shine.

On Test days, drivers tune the kart and make sure every part is safe before entering Sunday's race.

The track is 800 metres long and has many challenging turns, with a straight section where our adult class karts can reach speeds of 130km/h.
